Hello Parents:

Welcome to another school year. Beach Transportation is preparing for another year of transporting your children to and from school safely. In preparation, I wanted to inform you that you can help. Your child's safety greatly improves when there is an adult or parent at the school bus stop. Parents can help keep children safe in a number of areas. In most cases, bullies will not bother other students with an adult present. Parents can inform school officials if they see other students travelling to the bus stop in an unsafe manor. All children will be safer from other folks that may seem undesirable that may live or be close to the bus stop. As you can see, you can help in many ways by being at the bus stop with your children. If you cannot be at the bus stop, we encourage children to walk in groups to and from the bus stop.

Beach Transportation is celebrating its 75th school year transporting the children of Missoula County. It has always been our mission to provide the safest ride possible for each child that we have had the opportunity to travel with. Have a great school year and thank you for your cooperation regarding the safety of our children.

Sincerely:

Bob Mitchell
General Manager
Beach Transportation
